15 Cents

But bid delays it

Tech center plans shown

BELLE GLADE—An artists rendering of the proposed West Tech Center to be built at SR 715 and Hooker Highway was unveiled this week but there was also an apparent setback when the sole bid for construction was opened last week.

West Area Superintendent of Education H.W. "Dick" Berryman said the school administration will recommend the school board reject the bid by Edward L. Nezelek, Inc. of Fort Lauderdale and readvertise for split bids, one for site preparation and one for the actual construction.

According to plant planning department source, the Nezelek bid came in at \$7.8 million, some \$3.8 million over the estimated price tag for the tech center.

Berryman said Tuesday a split bid could accomplish two goals: give local contractors who couldn't afford to respond with a bid for the entire project a chance to join the bidding process while offering the possibility the school board could save money by giving other builders a chance to bid.

In the meantime, Berryman said the high bid will probably mean a delay of at least two months for the long-anticipated vocational-technical training center to become a reality.

Berryman said he expects the bid tabulation to come before the school board on Jan. 4. Once the board approves a bid for construction of the center, it will go before the state cabinet, sitting as the board of education.

The center is intended to provide an alternative to academic courses to area high school students, and allow adults to get training, in areas ranging from heavy mechanics and welding on the one hand to a course in licensed practical nursing on the other.

The heavy equipment instruction shop has been given the top priority for the center. It will be the first in South Florida and only the second in the state, along with the one in Bartow.

Bank of Pahokee is step closer to move

PAHOKEE—A Belle Glade branch of the Bank of Pahokee is closer to reality. Bank President Rupert Mock said he received final notice last Thursday that the branch has been approved by both the federal and state Federal Deposit Insurance Corporation (FDIC) agencies.

Application was made August 8 and tentatively approved until the final notice was received by the FDIC.

Mock said "it's up to our board (of Directors) now." The board, which sets policies of the bank, will meet next on January 10. They must give final approval for all bank plans.

The Belle Glade branch will be located at 800 South Main Street in a building previously operated by Dr. John Grady as a medical clinic. A purchasing contract has already been signed with Bob Mace, present owner of the building.

Mock said the next step will be to make plans for the building. It must be renovated for conversion from a clinic to a bank. "We are going to work on it as fast as we can," Mock said of the progress of conversion, though no definite work dates have been set.

Changes which must be made include insertion of a bank
see BANK P 7

THE WEST TECH CENTER to be built at the intersection of SR 715 and Hooker Highway was the subject of a report given to the Belle Glade Lions Club Wednesday by West Area Superintendent of Education H.W. "Dick" Berryman.

Berryman displayed for the first time an artist's rendering of what the center is supposed to look like once construction is completed and classes begin at the long-awaited training center.

Vote on liquor ordinance draws protest

BELLE GLADE—The City Commission rejected one last attempt Tuesday to change an alcoholic beverage designation for a tavern on Southwest Sixth Street which had initially been approved four weeks ago, then rejected in the last commission meeting.

The request was rejected on a 3-2 vote after Mayor Tom Altman relinquished his chair to second the motion made by Commissioner William Grear to allow it. Voting against the measure were Commissioners Kenneth Harris, Claude Tindall and Ralph Kirk.

Nathaniel Edwards spoke on behalf of himself and Gilbert Adams in attempting to get the city to change the zoning at 301 S.W. Sixth St. to allow the two businessmen to sell whiskey as well as the beer and wine already being sold on the premises.

After the vote, Edwards said the decision was unfair and accused Commissioner Ralph Kirk of making his decision based on the fact Edwards was the campaign manager for Jerry Roberts during Roberts' race against Kirk three years ago and appeared with Roberts on television when Roberts' apparent victory turned into defeat when the voting machines were recounted.

"I said that was one of the reasons I've opposed it," Kirk said when Edwards told the commission and audience he had spoken to Kirk several times during the past few weeks and Kirk said that was the reason he was opposing the request.

"But it shouldn't have even been considered," Edwards told Kirk before leaving the commission.

South Bay application is made

SOUTH BAY—The Department of the Army Corps of Engineers district office in Jacksonville announced this week an application has been received from South Bay to build a concrete pump house and install pumps, intake and conveyance pipes to feed the city's water system.

The work is being planned as part of an overall project to improve the city's system, including construction of a 1 million-gallon ground water storage facility.

Comments regarding the application should be submitted in writing to the District Engineer at P.O. Box 4970, Jacksonville, zip code 32201, said Gail G. Green, chief of the operations division.

Green said any questions on the application, numbered 50-39-0806-05, could be answered by Steve Ross of his office by telephoning him at 904-791-2211.

tion chamber. The request, which technically was to authorize City Attorney John Baker to draw up an ordinance allowing the sale of hard liquors in Edwards' and Adams' tavern, initially passed on a 4-1 vote, with Harris being the only dissident.

When the ordinance came up on the first reading two weeks ago, Kirk joined Harris in opposing it and Commissioner Claude Tindall joined Altman in supporting it. Grear was absent at that meeting and the measure failed in a 2-2 vote.

Tuesday, Tindall joined Harris and Kirk in killing the ordinance.

Grear and Altman, in making and seconding a motion to reconsider the ordinance, agreed when they said they would have taken a harder look had the business not already had the right to sell wine and beer on the premises, but since the ordinance already allowed that, they were in favor of it.

Harris said he has opposed the measure all along because he felt it would set a precedent for three other people he has heard are considering making the same request.

Tindall explained his switch by saying he has heard during the

past two weeks that Southwest Sixth Street bars are already considered to be trouble spots by the Belle Glade Police Department.

Edwards protested that he

didn't feel his bar was a problem area, saying it is the only bar he is aware of in Belle Glade which has an employee hired specifically to check the age of youngsters wanting to come in.

But Memory Lane?

BELLE GLADE—City Commissioners will be consulting a list of names ranging from the pragmatic to the whimsical next week in an effort to come up with a name for the street planned to wind throughout the McDonald Park civic complex.

The list came as a result of a contest begun during a workshop session Dec. 13 when the commissioners couldn't agree on a name to use for the address. The winner of the contest, should a name be chosen from the list, will receive a \$25 savings bond and a plaque commemorating the winner's input.

The commission's indecision in arriving at a name was reflected in entries such as Undecided Circle 110 and

110 Questionable Drive. Memory Lane was one entry which might have called attention to the city's past or may have been pure nostalgia but Historical Tens Circle, 1928 Circle, Hurricane Drive were self-explanatory.

People, on the other hand, came in for their share of names, with Goodlett Drive, Altman's Avenue and Tommy's Turn receiving votes. [Altman told Commissioner Ralph Kirk he'd had nothing to do with those names.]

A total of 41 entries were received and the commission is expected to make a decision, although not necessarily choosing any of the suggestions, during a workshop scheduled for Jan. 4.

Building demolition is delayed

BELLE GLADE—The City Commission accepted the property in McDonald Park belonging to Wilford Markham Tuesday night but put off a decision on whether to demolish the house closest to the new city hall for another two weeks.

The city paid Markham \$45,000 for the property but a movement to save the CBS structure began a month ago when Commissioner Ralph Kirk said he felt it would be a waste to simply tear it down.

Kirk was joined Tuesday night by Commissioners William Grear and Claude Tindall, who also said they would rather not see the building torn down. In earlier discussions, the commissioners talked about the possibility of moving the building but one estimate for the move ran as high as \$22,000 to move it a few hundred feet.

"I don't really believe you're going to do this," Mayor Tom Altman said after hearing Kirk, Grear and Tindall make their points. "All agree the house is in good condition but we bought all the property around the city hall so we could have nothing but city buildings there and now you're taking the building that's closer than any other to the city hall and you want to leave it there."

Kirk and Grear suggested the city could maintain the building as either a shelter for storage space, an expansion area or to house city

employees such as the city manager.

The commissioners finally agreed, however, to give Markham a chance to explore the possibilities of moving the building to property he owns on the other side of Southwest Avenue F.

City Manager Robert Sanders said the decision to keep, move or demolish the building belongs to the commissioners but he urged them to make some decision Tuesday rather than wait.

He and Building Inspector Kenneth Retterer said the problem would come if the commissioners decide to keep the building for now but decide in the near future to demolish it. They said the contract has been let to pave the parking lot behind the city hall and, while the parking lot could be designed around the Markham house, the pavement would be destroyed by the machinery needed to demolish the building should that happen after the lot is paved.

Altman and Commissioner Kenneth Harris said if the city didn't intend to demolish or move the building, it ought to sell it back to Markham to save all or part of the \$45,000 purchase price.

The commissioners also put off for two weeks ratification of a workshop decision last week to move the two tennis courts recently demolished in McDonald Park to Lyons Park.

see COMMISSION P 7

A VANDAL'S TRACKS were left this weekend in the grass of Lyon's Park, where someone worked off holiday spirits by digging up divots with a car's spinning

wheels. This was only one of several grassy areas in the city scarred over the Christmas weekend by the vandals.

Thanks, fellows. But no thanks. In our mail each morning, certain things are quick to catch the eye. One such thick envelope arrived the other morning from the President's Council on Physical Fitness.

It said, "The package is designed with you and your readers in mind." I certainly hope not.

Inside the folder was a half pound of material on skiing...and it ain't on the water, bub. Both alpine and nordic skiing instructions, articles, and advertising followed.

Now I've got to admit things have been chilly in the Glades of late. Downright cold, some would say.

But not since last year have we had a snowfall, and that one only a flurry, really. It certainly didn't allow us to loff off the rudder on the water skis and try our hand at nordic, whatever that is.

At any rate, if any of you out there have a desire to ski, and want to know how to go about it, come by the office and I'll be happy to supply you with the material I have.

But please don't wish snow on the Glades. We had our share and more this time last year. And we don't want any more.

I hope your Christmas was as merry as ours. But if I have one resolution to make, it'll be that next Christmas, whatever Santa Claus brings to son Burke, it had better not make noise.

This year, virtually everything Burke received squeaks, whistles, chugs, barks or bellows. Sounds like bedlam when it's all going at once, which is all the time.

Like I say, I hope your Christmas was quieter than ours.

Only one holiday remains uncelebrated...the annual bash that will herald in the new year.

Each year, writers point out the hope for a better one and this year is no different.

But in the Glades, it must be acknowledged that a great deal of our particular lifestyle that cannot and is not being ignored.

Three groups, the Friends of the Everglades, the Coral Gables Woman's Club, and the Florida Wildlife Federation, have announced their intentions to file suit and halt backpumping of water from the agricultural areas into Lake Okeechobee.

These groups were recently joined by one of the more liberal Palm Beach County daily newspapers in halting backpumping.

I'm not saying these groups or this newspaper are shortsighted and intent on killing all farming and ranching in the Glades. It may be that scientific evidence now being gathered on backpumping could cause alternative measures to be taken so Lake Okeechobee will remain a source of quality water 1,000 years from now.

But local farmers are entirely correct in saying hasty action should not be taken until all the evidence that can be gathered is in. Then, and only then, can a true determination be made.

One thing that is of concern to me is that farmers on the southern end of the lake need to work more closely with ranchers and dairymen on the northern end.

If one "goes," you can bet the others will be the next target of the environmentalists who would return all of Florida (except for the condo-clad coast) into the wilderness it was in 1910.

Agricultural interests all around the lake need to speak with a unified voice, and a powerful one at that, in order to dispell emotional arguments with logic and evidence.

The sugar, vegetable and cattle industries have come a long way in cleaning up. They have shown good faith in their stewardship of the land.

It goes without saying they will be wary of the cries and actions of the environmentalists. It'll be a long fight and the battle has just been joined. In 1978, the battle will get a whole lot hotter.

Opinion

BY RUFF LAMPTON
DAVID DAILY NEWS 1977

Firemen want your attention

What Belle Glade Fire Department needs is something to grab people's attention.

That may sound like a ridiculous statement in light of the fact the department owns a number of bright red engines, trucks and cars equipped with the latest in sirens, red lights and other attention grabbers but the sad fact is the department can't get the attention of all too many people.

The problem, according to Fire Chief Pete Webb, is that when the fire engines or the rescue truck leave the new fire station and turn onto Southwest Avenue B at Southwest Second Street, a lot of motorists don't see or ignore the emergency signals now in use at the intersection.

That's a problem which almost led to three serious accidents in just two days last week, one of which could have stopped the Emergency Medical Technicians aboard Rescue One from making a call.

It's the kind of problem Belle Glade as a community and Belle Glade residents as individuals don't need. Time is precious in an emergency and the clock is unforgiving when seconds can mean the difference, literally, between life and death.

It would be a terrible thing on someone's conscience to know for the rest of his life he had held up a rescue vehicle just long enough to allow a heart attack victim to die.

But worse yet would be the knowledge a parent would have to live with should that parent's child die from poisoning because the medical technician responding to that parent's

call collided with the parent's spouse at this critical intersection and both died.

An improbable scenario? Granted, but by no means impossible.

Lions roar

A group of Belle Glade residents got together last week to play Santa for some of the kids they'll probably never meet but whose Christmas they had to have made merrier.

Members of the Belle Glade Lions Club had a greater success with their annual Christmas auction than they had any right to expect, doubling their best year ever by selling a variety of things for a total of \$1,631.

The proceeds of the annual auction went toward providing Christmas gifts for the Children's Home Society and followed hard on the heels of a \$400 donation for Christmas toys to be distributed to the recipients of the society.

Lion member Don Fliens said the balance of the funds raised by the local club will go to the society's medical fund and to help provide other services for the children of broken and destroyed homes the society is in business to help.

And the auction itself is just another indication of the Christmas spirit so prevalent on a year-round basis in so many Glades residents.

Making the wrong kind of tracks

Hijinks and high spirits are natural result of a combination of holidays and teenagers but when those high spirits lead to hundreds of dollars worth of property damages, vandalism becomes a better adjective.

That's what happened over the Christmas weekend, and has happened over a number of other weekends throughout the year, when those high spirited teenagers decided to follow the time-honored tradition of cutting doughnuts and figure eights with their cars in any grass handy and the heck with how much damage they've done to whose property.

While ripping strips of grass out of Lyons Park may not seem so bad to a lot of people, only time and some effort will replace the black scars in the green grass left by what appeared to be several carloads of youngsters bent on leaving their mark on city property.

Although it wasn't a target over this weekend, the city's golf course has been hit often enough during the year that city taxpayers have spent hundreds of dollars repairing the damages and golfers have had to work around the scarred surface of the first hole.

And private property too has been a target, this weekend and other weekends in the past, when carloads of youngsters out for a good time had those good times at the expense of their neighbors.

Hijinks? As we said, there comes a point when vandalism is a better term...or reckless driving...or malicious damage to property.

Those, for the uninitiated, are legal terms describing misdemeanors and, for those having such good, clean fun, can result in fines and even jail time.

And there is no good time when it comes to jail time.

"Good evening, sir. Would you like to do your part in conserving energy?"

CRACKER CRUMBS

BY DEAN JONES

Horoscopes make interesting reading, particularly if you like fictionalized humor mixed with pathos and tragedy.

It was just about this time last year though I thought I'd put the whole thing to a test and checked my horoscope for 1977...and let me say this about that; when it comes to all the prime ingredients of literature, Willie Shakespeare didn't have a thing on Carroll Richter, just more of it.

You are intuitive, a natural teacher and psychologist...the blurb led off with I forgot to get the name of the horoscope...but whoever it was is batting 0 for 3 already.

Looking back with 20-20 hindsight, if I'd been the least bit intuitive the smart thing to have done about Jan. 1 of this year, there would have been a grand total of one smart thing to do...line my bedroom with mattresses and refused to come out under any circumstances.

And so far as being a natural teacher or psychologist goes, those are just a couple of occupations that would have been a darn sight easier than toiling in the vineyards of a weekly newspaper, not to mention commanding more respect and better pay.

You understand time and can work with it, was the next gem of insight offered by the year's reading and the average dropped to 0 for 4. Without beating a dead horse to a second death, let's just say the one work I never have understood in this job has been an esoteric term called "dead-end." I think it has something to do with a line of dead copy but someone said something once about time.

The next comment probably proves even a blind hog's gotta find an acorn now and then. "You are dedicated, have tendency to be morose," and all of a sudden, we're batting 2 for 6.

Durn right I'm dedicated! Ain't nothing else that would explain why I'd be fool enough to stay in this business, especially if my suspicion that if dedication is a high-falutin' way of saying stupidity, and that explains why I have a tendency to be morose.

Anybody getting back to the horoscope, I was sorta surprised to find that a new start made this year will pay dividends...that and the comment that 1977 will find me more secure.

Boy was I surprised! There's a nagging feeling in the back of my mind that this whole thing was someone's idea of a practical joke and a poor one at that. Sorta like a nagging headache behind my left eye, combined with a sinking feeling.

Something like the sinking ship of finances if you know what I mean. Fits right into the annual comment of the horoscope that July was supposed to have been my most significant month.

Looking back over the year, the only thing I can recall that happened in July was that I didn't get any deeper in debt than any other month of the year, and less than most.

But not to worry, this is almost the end of the year and if nothing else, it means I've managed to keep the only New Year's resolution I made 12 months ago.

If nothing else, I've survived. Come to think of it, that was such a good resolution, I'm probably gonna make it again this year. Never mind any impossible to keep promises like a cease and desist order on smoking, overeating or any of the other vices.

Just be here to celebrate next New Year. And since a resolution isn't really anything more than a promise to yourself, who can say anything if it's kept?

That's called hedging your bets. So much for New Years, but for anyone out there who couldn't quite come up with the perfect gift for the child who has everything, you might consider Pete.

Pete is a six-month old hippo now owned by the Denver zoo but the zoo has a problem. Much as they like Pete out there, there's no room at the inn and, since Pete is a newly made orphan, whose takes him is gonna have to take over from his handler, the job of hand-feeding him several gallons of milk a day.

But that's a small price to pay for being able to say little Pete is the first kid on the block to own his very own hippo. Isn't he? He'll be the envy of every kid in town and you know you want your son to be popular.

Don't you?

Local snake bites ex-charmer

PAHOKEE—Ms. Wilma J. Clark, an employee at Everglades Memorial Hospital, was bitten on the hand by a rat snake while attempting to pick it up. Feeling she was a little bit out of practice,

Ms. Clark, a former snake charmer who was a member of a traveling circus, stated, "It's been four years since I've been handling snakes. When I found out that it wasn't a poisonous one, I wasn't afraid of it."

During her two years of handling snakes however, Ms. Clark said she was never once bitten. "But I've learned my lesson," she said. "Don't pick up any odd creatures here in the state of Florida."

Circle has Christmas program

PAHOKEE—The Gertrude Shirley Circle met Dec. 13 at the home of Mrs. Evelyn Lair with Mrs. Alice Ramey co-hostess. The meeting was opened with a prayer by Mrs. Lair after which a short business meeting was held.

Mrs. Ramey was in charge of the Christmas program, during which time several games were played,

with Mrs. Inez Reeves the winner in the Bible quiz.

Christmas carols were sung, followed by a gift exchange. Refreshments were served in the beautifully decorated dining room. The meeting was adjourned with an agreement to meet next at the home of Mrs. Mildred Collier on Jan. 10, unless otherwise notified.

Hope!

Each week during the year we have a message for you in this regular column. But this week it is a very special message. One that is founded on hope. Not a resolution or a pledge for the new year but rather our expression of hope for each and every one of our friends and neighbors.

We hope this is a year that finds you and your family free of any serious illness. We hope that this is a year when a cure will be discovered for diseases that still plague mankind. We hope that this is a year of happiness and good fortune for you. We hope that if we can be of help to you at anytime, that you will let us serve you.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

THE LIONS ROARED last week when an auction during the local club's regular meeting netted \$1,631 for the Children's Home Society, guaranteeing a Merry Christmas for a number of deserving children, along with something to boot. Club President Ron Snyder and member Don Fiehs show off the check they donated to the charity.

Santa visits hospital and becomes patient

PAHOKEE—Upon arriving from the North Pole, Santa Claus made a short visit to the Everglades Memorial Hospital to wish everyone a very Merry Christmas and to find out what each one wanted for the holiday.

However, during the visit, Santa got to experience the helping function of the hospital personnel. He seemed to get thinner and thinner right before our eyes, but he was made well again by members of the X-ray and Housekeeping departments. Ms. Wilma J. Clark, Housekeeping Supervisor stated.

Santa's only comment upon leaving the hospital, was, "If I ever lose my stuffing again I hope it is in a hospital such as this one."

Obituary

OZELL KEEN

PAHOKEE—Ozell Keen, 59, of 238 Broad St., Augusta, Georgia, died Wednesday, Dec. 21 at the Veteran's Hospital in Augusta. A native of Arcadia, Fla. and former long time resident of Pahokee, he was a veteran of World War II, member of the Pahokee First Baptist Church, member of the Everglades Masonic Lodge, and a retired retail groceryman.

Survivors include his stepmother, Mrs. Ema Keen of Pahokee, a brother, Ellsworth Keen of Arcadia and a sister, Mrs. Vera Weeks of Belle Glade.

Services were held Monday, Dec. 26 at the First Baptist Church of Pahokee with Rev. James Boyd and Rev. Carl Storey officiating. Interment was at Port Mayaca Cemetery. Pallbearers were Mitchell Kirk, Paul Watson, Bill Burroughs, Homer Barnes, J.D. Agnar and Ralph Grimes.

Wethington Funeral Home, Pahokee was in charge of arrangements.

Card of Thanks

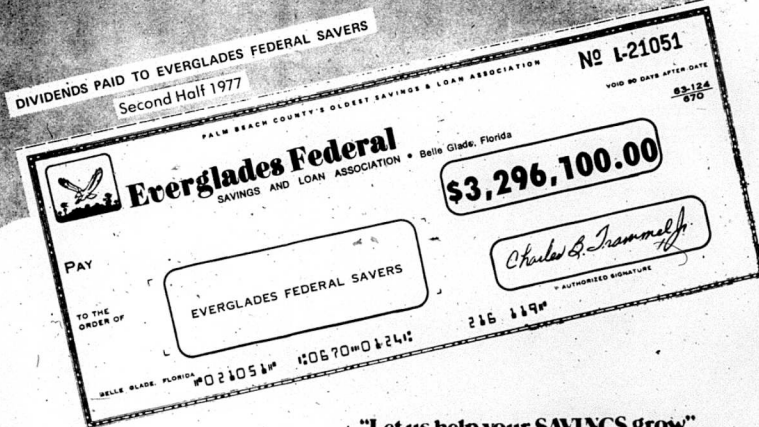

Mrs. Snip O'Connell would like to express her heart felt appreciation for all kindnesses expressed to her in so many ways from her friends while in the hospital. Visits, calls, flowers, cards and especially the prayers were deeply appreciated. Nurses and aides were so kind and she said she will always remember them. "May God Bless you all."

Mrs. Frank O'Connell

Area nurses complete coronary care course

BELLE GLADE—A two week coronary care course was successfully completed recently by 28 nurses at Glades General Hospital according to Richard C. Malone, director of nursing at the hospital. Malone said this initial effort to bring specialized nursing courses to the Glades area was well received and "will greatly enhance the ability of nurses at Glades General Hospital to deal with acute and chronic cardiac problems."

Malone, a recent appointee to the nursing education committee of the American Heart Association of Palm Beach County, is endeavoring to set up additional educational opportunities for nurses in the

Glades.

The coronary care course was a joint presentation of the American Heart Association and Palm Beach Junior College and was taught by Donna Harden, R.N.

The Glades General nurses completing the course were J. Kennan, R.N.; B. Peacock, R.N.; P. Hood, R.N.; R. Ware, R.N.; O. Letsinger, R.N.; C. Snow, R.N.; K. Corderman, R.N.; A. Varona, R.N.; L. Weathers, L.P.N.; A. Rigdon, L.P.N.; J. Grove, L.P.N.; W. Lowe, L.P.N.; S. Yarbrough, L.P.N.; S. Fernandez, L.P.N.; V. Hart, L.P.N.; L. Scarlock, L.P.N.; S. Wallis, L.P.N. and S. Ashtar, L.P.N.

U.S.S.C. HOST BEEF JUDGING CLINIC. Ten Vocational Agriculture Departments and 75 students took part in the annual beef judging clinic held December 19th at Sugarland Ranch, Clewiston, under the direction of Greg Carlton. Schools participating in the clinic included Clewiston, Moore Haven, LaBelle, Fort Pierce, Okeechobee, Pahokee, Belle Glade and Charlotte County.

CARD OF THANKS

We would like to take this opportunity to express our most heartfelt appreciation to our friends and neighbors and particularly Dr. Brown, Dr. Ramos, the nurses at Glades General Hospital and the Rev. Mark O'Farrell for their expressions of sympathy during the recent loss of our step-father and friend, Delmer Alexander.

and Helen McComick

CARD OF THANKS

The family of Ozell Keen gratefully appreciate all the expressions of sympathy, the visits, calls, cards, flowers and food.

Thank you all so very much. May God Bless You.

Yours in Christ,
Mrs. W. A. Keen,
Elsworth Keen and Vera Keen Weeks

Horticulture seminar is scheduled

BELLE GLADE—A seminar designed to help Glades residents choose the proper shrubbery for landscaping their lawns will be offered free of charge at 2:30 p.m. Jan. 6 at the Palm Beach County Glades Office Building.

Grove Joyner, urban horticulturist for the Palm Beach County Cooperative Extension Service, will lead the seminar, the January edition of a monthly series.

"Most of us here in Palm Beach County," Joyner said, "are faced at one time or another with selecting a new shrub or hedge plant for the landscape. The bewildering variety available in many cases can pose a problem to someone who is not familiar with their growth characteristics and problems."

The two-hour, slide-illustrated lecture on flowering shrubs and hedge plants will include discussion of approximately 100 varieties. Any questions will be answered by Joyner and literature will be available.

Pahokee aluminum visits

PAHOKEE—The Reynolds Aluminum mobile recycling unit will launch the new year in Pahokee with four stops during January.

Every Thursday from 2 p.m. to 3 p.m. the public will receive 17 cents a pound for the recyclable aluminum at the Little League Ball Park, 515 Bacon Point Road. With the cooperation of concerned, ecology-minded citizens, the Reynolds Metals Company received top honors in the Keep America Beautiful, Inc.

(KAB) National Awards Program on Dec. 1 in New York.

Reynolds was recognized for its leadership in aluminum recycling, one of the country's outstanding environmental programs.

Since the inception of its aluminum recycling program in a pilot effort in 1967, Reynolds has recycled more than 464 million pounds of aluminum. The company has paid out more than \$64 million to the public.

At present, Reynolds is recycling more than half of the cans it manufactures.

Dave Vardell, District Manager, Reynolds Aluminum Recycling Co., said, "We are looking forward to another successful year of aluminum recycling in 1978."

Profile In Business

Aida Blanco is the new owner of Aida's Beauty Center, a beauty shop for both sexes. She has been open for one month now.

Aida and her assistant, Julie Wilson, cut and style hair, color hair, do manicures and pedicures, and offer other services typical to a beauty salon. Orlando, of West Palm Beach, comes out of the center on Tuesdays to style hair. Orlando is a stylist, and he has what he refers to as his "Personal Service." He shampoos, conditions and cuts and styles the hair.

Aida is originally from Cuba, but moved to Belle Glade eight years ago. She finished school in Cuba, and although she never attended school in the United States, she has learned English. Before opening her beauty shop she worked at Gove Elementary School for one year as a teacher's aide. She then took a styling course in Miami to enable her to open her shop.

Aida is very happy to be working with Americans as well as with the Latin community in this area. She likes her job because it gives her the opportunity to meet people, and in this way she practices her English. Her own specialty is cutting men's hair, and she enjoys it very much. She says she knows how the Cubans are, and now she has the chance to learn about the Americans through her customers. She says she is very grateful to all her new friends for this.

Aida loves jai-alai, the beach, dancing and being home with her children. She also enjoys fishing, although her daughter says that she never catches anything, but owes the big catches all to Ra-

monin, her little boy.

Aida invites all to stop by and visit them at Aida's Beauty Center for both sexes. They are located at 372 S. Main Street in Belle Glade next to Sweet 'n Sassy.

Adderly at Myrtle Beach

RANTOUL, ILL.—The son of a Belle Glade, Fla., resident has been assigned to Myrtle Beach AFB, S.C., following graduation from the jet engine mechanic course at Chanute AFB, Ill.

Airman Anthony O. Adderly, son of Mrs. Cora L. Johnson of 74 Bethune Court, was trained to inspect and repair turbojet and gas turbine engines and will now serve with a unit of the Tactical Air Command. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

The airman is a 1977 graduate of Glades Central High School.

Mrs. Maxson retires from 24 years of duty

MRS. MAXSON

PAHOKEE—Mrs. Dee H. Maxson, a 27 year resident of Canal Point, was the guest of honor at her retirement party held Thursday at 3 p.m. in the USDA Sugar Cane Field Station in Canal Point.

Mrs. Maxson has been the only full-time administrative clerk at the Station for 24 years and has also performed other secretarial duties throughout the years. In appreciation for her performances, the employees at the station presented her with a silver serving tray.

Mrs. Maxson and her husband, Charles Maxson, are members of the First Baptist Church of Pahokee and live on First Street in Canal Point.

Glades area births

PAHOKEE—Everglades Memorial Hospital reports the following births:

Mr. and Mrs. Pedro Torres, (Celia Jaimés) a son, Rene Jaimés on December 20.

Mr. and Mrs. Joseph Rutledge, (Mary Doris Fuller) a daughter, Tracy Yvette on December 20.

Mr. and Mrs. Francisco Efrain Topez Perez, (Marié Angelles) a son, Efrain Perez on December 21.

Mr. and Mrs. Francisco Cabrillo, (Maria Alvarez), a son, Francisco Cabrillo, Jr. on December 21.

BELLE GLADE—Glades General Hospital announced the following births:

Mr. and Mrs. Armando Perez, Jr. (Flora Maria Sanchez), of 900 East Canal St., Belle Glade, a daughter, Adriana Renee, born Dec. 9.

Mr. and Mrs. Pedro Suarez (Lillian Bello), of 210 DeSoto Ave., Clewiston, a son, Alexis Gabriel, born Dec. 12.

Mr. and Mrs. Francisco Garcia Morales (Volanda Betanzos), of House 85, Osceola Center, Belle Glade, a daughter, Veronica Betanzos, born Dec. 14.

Mr. and Mrs. Lazaro Figueroa (Francis Lopez), of South Bay, a son, Jose, born Dec. 17.

THE BELLE GLADE Junior Women Club visited the Sunset Heights Nursing Home, bringing with them 15 lap robes for the nursing home patients. From left to right, the nursing home patients who received a lap robe.

Sandra Chamblee, all members of the Belle Glade Junior Women and Mrs. Ida Mizell, director of Sunset Heights Nursing Home and one of the home's patients who received a lap robe.

Junior Women give presents to the elderly

BELLE GLADE—The Belle Glade Junior Women's Club visited the Sunset Heights Nursing Home, 200 S.W. 9th St. Thursday, Dec. 22, bringing with them party refreshments and thirteen lap robes for patients who use wheelchairs.

The lap robes were given by the Junior Women during two work-shop sessions.

In the spirit of Christmas, Mrs. Sandra Chamblee, Mrs. Chandra Sizemore and Mrs. Gina Farley baked pastries for the Christmas party and presented Mrs. Ida Mizell, the nursing home director, a bundle of socks for the patients also.

Employee's birthday is celebrated

PAHOKEE—Ms. Estelle Bass of Pelican Lake celebrated her birthday at Everglades Memorial Hospital Wednesday, Dec. 22. She has been an employee at the hospital for 24 years and said this was the first time since she started working there that she has ever been treated to a birthday party in her honor.

Ms. Bass is the head of laundry at the hospital. "She is a very hard worker, and if it wasn't for her, there would be no clean linen," Ms. Wilma J. Clark, Housekeeping Supervisor, said.

"We of the Housekeeping and Laundry departments wish her a very happy birthday and many more to come," the employees agreed.

New elders invite public to church

BELLE GLADE—The Church of Jesus Christ of Latter Day Saints has two new elders in the area. Elder Hales and Elder Hoskins, both 20, are on a mission for the church and will be in Belle Glade for approximately five months.

Elder Hales attended one year at Brigham Young University, Provo, Utah before beginning his mission in August, 1976.

Elder Hoskins attended the University of Utah, Salt Lake City, Utah before he began his mission in January, 1977.

Elder Hales and Elder Hoskins said that their goal was to bring the true gospel of Jesus Christ to all God's children and to stress family unity.

"We are not trying to pressure

people, just to help them," Hales said.

The church is located at 601 N.E. Ave. A and they invite the public to attend Sundays at 10:30 a.m. and 5:00 p.m.

Lakeshore recreation plans run in to snags

BELLE GLADE—Plans to build a recreation complex on a ten-acre plot of land now holding the Lakeshore Swimming Pool and the Lakeshore Civic Center received another setback when, for the second time, bids to do the construction work came in much higher than expected.

The first phase of construction in the redesigned recreation center was meant to be completed for the \$96,000 set aside for the job by the Community Development Program, which is funding the project, but the lowest bid to be received came from Blanton and Unwin of Pahokee for \$223,000.

Community Development Director Remar Harvin suggested, and the City Commission decided, to re-advertise for bids in smaller packages and contract to have done the work which can be accomplished for the amount of

money the city has available.

Harvin's proposed bid package consisted of renovation of the existing softball field and lighting for it, provision of tennis and basketball courts, the fencing of the tennis courts and lighting of both and a provision for parking areas at the center.

When Commissioner William Grear protested there have been too many delays already and he would like to see construction begin as soon as possible, Harvin pointed out the bids call for the city to demuck the land to be used and haul in rock for fill and said Public Works Director Ron Sigmond has informed him he can't begin the work until February.

He said by that time he could re-advertise for new bids in the smaller packages and have the paperwork done on the new bids before the city would be ready for a contractor to begin work.

THE CHRISTIAN DAY SCHOOL'S varsity basketball team, one of the better Class A teams in the state, is made up this year of Gary Bayliss, Tim Atkins, Mixson Smith, Steve Smith, Bill Taylor, Melvin Guert, Greg Smith, Mike Graham and Allen Bowen and Ken Warren (in front) and Cobb.

BANK

Cont. from P1

vault and construction of drive-in windows and revised parking spaces. The building will feature a new entranceway and interior rearrangement, Mock said.

He state, "We plan to operate the banks just as we have in the past." Management appointments for the branch of the Bank of Pahokee are undecided.

The full-service branch will also feature all services offered at the Pahokee bank. "We'll probably have three drive-in windows to start with," Mock said, adding, "We have just under three acres of land to work with."

The Bank of Pahokee boasts of being the oldest financial institution in Palm Beach County and the only bank in the county which did not close during the depression years, in the 1930's.

The Bank of Pahokee first opened on May 31, 1922. It has been housed in four different buildings and located at three different geographical points in Pahokee. Various improvements have been made to the present and last building which was constructed in 1949, at its present site.

Commission Cont. from P1

The delay came at the request of Commissioner William Grear, who asked for time to contact Mr. and Mrs. Homer Hand to ask for permission to relocate the courts on the Hand property on Southwest Fifth Street.

The Hands agreed several years ago to allow the city to use the property as an open spaces type park with the stipulation they could reclaim it when they decide to develop it.

Grear also mentioned the possibility of using two lots in Sugar Subdivision West and relocating the courts either there or in the Lakeshore Recreational Park.

Sanders said he would recommend against either of those choices because the Sugar Subdivision lots don't allow enough space for two full-size courts and, since courts are supposed to be constructed in the Lakeshore area in the near future anyway and the city would thus be able to have four new courts while paying for only two. The Lakeshore courts are to be built with federal funds.

In other business, the commission:

Approved a request to park two mobile homes at Forevergildes Mausoleum Cemetery in an effort to hold down vandalism there. The commissioners also agreed to consider, if the Pahokee City Council and South Bay City Commission agree, giving up the city's interest in Port Mayaca Cemetery.

Agreed to file suit against T.E. Burgess to force Burgess to demolish three buildings he owns. The commission has discussed the property for some time and in November gave Burgess the option of filing a plan outlining how he would bring the buildings into conformity with the city code.

Building Inspector Kenneth Retterer presented the plans he said Burgess gave him and he had rejected them but, on his own time, drew up a set of plans to indicate what could have been done. Named Martin Chapman as an alternate member to the Board of Adjustments.

Traffic Council to meet Jan. 6

Dave Adams of United Parcel Service will be the guest speaker when members of the Lake Okechobee Area Traffic Council hold their regular Dutch treat dinner meeting at 7 p.m. Jan. 10 at the Glades Restaurant in Clewiston.

Members and interested non-members were urged to attend the monthly meeting by Council Secretary Levern Alston and bring questions on any freight problems faced by people in the Lake Okechobee area.

Mrs. Alston said the Council's February meeting will be held Feb. 14 in LaBelle and the guest speaker will be a representative of Gator Freightways.

How to make the Dow Jones Average seem below average

Have you ever wondered how earnings on a savings deposit compare with the returns on common stocks or government bonds? Peoples Federal can show you that over the past ten year period, deposits in certificate accounts have out earned the same money placed in stocks or bonds. And, Peoples Federal can guarantee your interest rate for the term you desire, without the risks of the stock market. Guaranteed interest and insured savings ... the sign of a solid investment.

ANNUAL YIELD	TERM	MINIMUM AMOUNT	RATE*
8.06%	6-10 Years	\$1,000	7.75%
7.79%	4 Years	\$1,000	7.50%
6.98%	30 Months	\$1,000	6.75%
6.72%	12 Months	\$1,000	6.50%
5.39%	Passbook	—	5.25%

*By Federal Regulation, a substantial interest penalty is required for early withdrawal from any savings certificate. ACCOUNTS OF \$100,000 OR MORE ARE NEGOTIABLE AS TO RATES AND TERMS. INTEREST COMPOUNDED DAILY. OTHER SAVINGS PLANS AVAILABLE.

Let Peoples Federal show you these comparisons. Come into any Peoples Federal Office and ask for a free brochure entitled, "Stocks and Bonds versus Savings Accounts." While you are in, take advantage of our long term, high yield certificate accounts. Smart investors know a good thing when they see it.

The Babson Economic Forecast

Farm prospects to improve in '78

By Babson's Reports Inc., Wellesley Hills, Mass., Dec. 29, 1977.

Despite a number of developments that were either actually or potentially unfavorable, the nation's business turned in a solid achievement for 1977. There were, to be sure, spells of stuttering, but the encouraging fundamental economic factors cited in our forecast at this time a year ago more than offset any negative considerations.

So, overall progress turned out to be pretty much in line with our predictions. One of the most unexpected aspects of 1977 was the persistently defensive psychological atmosphere, in spite of the fact that accomplishment was even greater than the historical expansion rate of the economy (in real terms, after discounting the effects of inflation). Much of the skittishness of public sentiment apparently came from such elements as exceptionally bad weather, encroachment of foreign goods, wrangling over terms of an energy policy, and getting used to the new national leadership.

1978 - More Progress Anticipated

The present upward phase of the business cycle began in the spring of 1975. Thus, as 1978 makes its debut, the business advance is already 32 months old according to the Federal Reserve Index of Industrial Production. By past standards, this is fairly close to a median life span, so there is no question that the ascending phase of this cycle is aging. The old adage "Trees do not grow to the sky" could well make one wonder whether time may not be running out for this latest economic upturn. Studies made by the Research Department of Babson's Reports, however, do not yet show development of the type of major imbalances that have brought past expansion phases to an end. Observe, for instance, the moderation in consumer spending as well as in additions to productive capacity by business, the absence of unhealthy speculation, and the swift corrections of top-heavy inventory positions in virtually all parts of the business fabric.

It is our opinion that this very state of quiescence should tend to keep the economic upturn going well into 1978. Whether the peak will come late in the year is another matter, one which we cannot foresee clearly at this moment. If the exigencies of an election year prompt economic pump-priming sufficiently early in 1978, business will undoubtedly react to such a fresh impetus and be able to postpone the danger of a crest-over. In any event, it looks at present as though the nation's economy still has enough momentum to permit another stretch of progress on the business front for 1978 as a whole.

Economic Profile of the Year Ahead

Twelve months ago, Babson's predicted that the bulk of 1977's economic strength would be concentrated in the first half of the year, with the final two quarters expected to climb at a slower pace. This scenario has proved accurate. In the year ahead, it is likely that the performance will be repeated, with more vitality in the first two quarters than in the final two. Barring labor disruptions, the first three-month span of 1978 may experience the sharpest rate of advance.

While the trend should continue upward throughout the year, the tempo will doubtless slacken in each successive quarter. All in all, 1978's results may turn out to be less impressive than those of earlier recovery days and will probably be extremely disappointing to those who insist on greater economic stimulation to make a significant dent in the nation's still

vast pool of the unemployed. But such hopes are simply overambitious in view of the realities of worldwide economic stagnation and inflation. Even so, the new year should still turn out to be a period of domestic economic growth roughly on a par with our long-term growth rate, and perhaps a bit better.

Public Sentiment May Remain Troubled

Regardless of generally favorable prospects, 1978 will not be a trouble-free year. There will be concern over the threat of increasing inflationary pressures and the resultant worry over the degree of credit restraint necessary to keep prices in reasonable check. There will also be anxiety over still more foreign competition, especially as it relates to the loss of domestic jobs, the nation's trade balance, and the balance of international payments - with the latter two factors bearing directly on a weakened U.S. dollar.

The Gross National Product (GNP), a statistical expression of goods and services produced in this economy, should register a gain on the order of 11%-12% in 1978 compared with 1977. The increment, however, will be blotted

by the effects of inflation, and thus appear to compare favorably with the achievements of the past two years. But, after adjusting for inflation, the real GNP may show an advance of only about 4%, a gain in constant dollars that may be disappointing to many even though it is a shade better than the long-term growth rate of the economy. Contributions from the private and public sectors of the GNP should be fairly equitable. In the private sector, a sustained high level of residential building and further betterment in business outlays for capital equipment will be vital bolstering influences on the economy as a whole.

The Specter of Inflation

Fortunate for the economy this past year was the constraint put upon agricultural and food prices by the hefty supplies of most items. Much of the lessening in the damage wrought by inflation as compared with 1976 was, in fact, attributable to agri-based prices, although in a sense it is regrettable that the nation's farmers have "subsidized" consumers in the fight against inflation. Industrial commodities helped to the extent that many primary metals showed a slippage in prices which restrained the tempo of inflation.

Next year, however, conditions may not be so fortuitous, and inflation could average some 8% or perhaps a shade lower. Much, of course, will depend on the pricing policies of the OPEC nations. If they lift prices 8% or less in toto, it would not be unduly damaging in the battle against price runaways all along the line, but if radical OPEC leaders prevail, a return to double-digit inflation could occur in 1978.

Industrial Production

The physical volume of production from the nation's factories, mines and utilities plants slipped a notch early in 1977 owing to the harsh winter weather over many sections of the country. But the upturn which had started in the spring of 1975 was rapidly restored, and there was consistent progress until midsummer when there was another brief hesitation. Overall, however, the average for 1977 exceeded that of 1976, though the year-to-year percentage increase was considerably more limited than the 1976 surge over 1975, as the Babson 1977 Forecast anticipated. While an extension of the upturn into 1978 is expected - subject to possible dislocations resulting from labor disputes - the rate of year-to-year

The Babson Forecast is a nationally recognized research foundation dealing with a yearly economic forecast of business, industrial, and agricultural trends and developments.

increment seems destined to shade off somewhat, though not as sharply as in 1977.

Industrial output in general may rise around 5% in the new year, only fractionally less than during the year just past. The economy can obviously not count on much more than nominal strength from industrial production in 1978, but tax relief of more than token proportions for both individuals and business could bring about a somewhat better showing. Among the more promising performers should be output of railroad equipment, electrical and electronic products, and building materials. Some of 1977's more hesitant lines, such as steel, should manage to chalk up at least modest improvement.

Support From Business Capital Equipment

Despite the limited contribution of industrial activity, there should be more efficient utilization of pro-

ductive facilities. Since some high-cost plant and equipment were phased out in 1977, business capital outlays in 1978 may well post an advance in the 10%-12% range over those expenditures in 1977. At least half of the increment will, however, reflect inflation, while compliance with environmental and safety standards will command a good share of such spending. Thus, only a modest improvement may be seen in the nation's productive capacity. The primary emphasis will be placed upon cost-cutting productivity - boosting machinery and equipment rather than on new plant structures - a trend already evident in orders for capital equipment during much of 1977. There will be no large-scale capital spending upsurge of the type seen in other business booms of the past thirty years, even though the competitive disadvantage of many American goods as compared with foreign items strikingly points up the need for modernizing more of our domestic facilities.

A Little Help From Inventory Stockpiling

There was a surprising step-up in business inventory accumulation in early 1977 as both businessmen and consumers anticipated some form of individual income tax relief. But when the tax idea was scrapped, retail trade slowed down and suddenly burdensome inventories had to be liquidated - and inventory policies remained on the defensive for most of the year. With the lure of another possible tax cut in the offing, the pendulum of inventory changes may well swing toward the positive side in 1978 - aided somewhat by the prospect of higher prices. Business confidence, however, is not strong enough to generate a real spurge of inventory accumulation, and higher borrowing costs will be somewhat of a deterrent. Thus, we look for the influence of business inventory accumulation on industrial activity in the new year to be more supportive than expansive in nature.

Relatively Quiet Labor Front

Since relatively few labor pacts expire in 1978, the economy is not likely to suffer crippling national strikes of major magnitude. The early weeks of the new year, however, may feel some dislocation as idle coal miners attempt to finalize a national pact and settle local grievances. Elsewhere, labor problems will focus largely upon negotiations in selected areas of clothing, textile, aircraft, airline, oil, and shipbuilding industries, with the possibility of wildcat walkouts by railroad workers. Yet, new contract settlements along with terms of existing multi-year contracts - plus the hike in the minimum wage and expanded coverage - will boost labor costs.

Corporate Profits and Dividends to Rise

Business profits after taxes should manage a 10% increase in 1978. While this would not quite match 1977's year-to-year gain, the final outcome could range a trifle higher if there were a real break on the tax front. Corporate profits face tough going as a result of cost pressures and intense competition, but management will stress operating efficiencies and rapid price adjustments to offset escalating costs. With profits expected to trend higher, dividend payments will be more generous.

(Continued on Page J1)

HAPPY NEW YEAR!

CELEBRATE THE COMING YEAR WITH THE FINEST BEEF.

For years we've been proud of the high quality and value of our W-D Brand Beef, and we're not about to compromise a lot of quality for a little difference in price. U.S. Choice Beef, naturally aged and expertly trimmed is the only beef good enough to be W-D Brand. That's why we're known as THE BEEF PEOPLE, and probably always will be.

225 W. Canal St. N. & Glades Plaza Center - Belle Glade

Glades area Heart Fund leaders are named

Six men and women from the Glades area are among the volunteers named recently to head up the Palm Beach County Heart

Association's 1978 Heart Fund Drive. Picked to head up the Heart

Sunday campaign in the Belle Glade area for her tenth year is Mrs. Ed Duda. Mrs. Edward Riddle will head up the campaign in Canal Point and Mrs. Richard Korbly will lead the effort in Pahokee.

Picked to head the Commerce and Industry drive in the Glades were Wayne Mikell of Belle Glade, Bryan F. Cross of Pahokee and Mrs. Billy Rogers of South Bay. The six campaign leaders repre-

sent a total of 29 years of experience in raising funds for the Heart Association.

The door-to-door Heart Sunday campaign is scheduled to be Feb. 26 this year and preparations are already underway. The campaign raised a total of \$92,000 last year for the Heart Association's projects.

The Commerce and Industry campaign raised a total of \$32,000 from philanthropic businesses last year.

In the meantime, Mrs. Bill Bailey and Mrs. Dudley Barnes, co-chairmen for the 19th Annual Glades Heart Ball to be held Feb. 24 at the Elk's Club in Belle Glade, announced plans for the annual dance.

The theme of the ball will be "all Heart," as Mrs. Barnes put it, "and will feature the music of the Ray Garcia Orchestra."

Mrs. John Thompson and Mrs. Charles Schiele, co-chairmen of the

reception committee, have also announced there will be a cocktail buffet at the Elk's Club before the ball.

The decor for the gala event is being designed by the decorations chairman, and one of the founders of the Glades Heart Ball, Mrs. Errel Mixson.

As reservations chairman, Mrs. Tom Altman will be in charge of the seating arrangements and advance ticket sales.

Patrol is predicting 29 traffic deaths

TALLAHASSEE—"Be a friend first and then a good host," reminded the Florida Highway Patrol as they predicted that 29 persons will die in traffic accidents during the New Year's holiday period.

Patrol Director Colonel Eldridge Beach said, "As usual, alcohol will probably contribute to many of the 29 traffic deaths we are predicting. If you plan a party, be a friend first and then a good host. Don't let guests leave your home to drive to their death because you felt you had to be a good host."

Beach urged hosts to have non-alcoholic beverages on hand for drivers or help make arrangements for transportation for those who might have too much to drink.

The New Year's holiday period begins at 6:00 p.m. Friday, Dec. 30, 1977 and ends at midnight, Monday, Jan. 2, 1978. If the Patrol's prediction is correct, one person will die every two hours and forty minutes during the 78-hour holiday period.

To help curb the expected highway deaths Beach said that all available troopers and auxiliaries will be assigned to traffic duty and will be working with aircraft, radar, and unmarked patrol cars during the entire holiday period.

Tax help available in the area

The Internal Revenue Service has announced that Lake Okechobee area residents will be able to get free income tax assistance and tax forms for first three Wednesdays in January.

The IRS will have a representative at the National Guard Armory in Belle Glade from 9 a.m. until 3:30 p.m. on Jan. 4, 11, and 18, 1978.

Tax information concerning individual, employment, and other federal taxes will be available.

Aluminum schedules are given

BELLE GLADE—The Reynolds Aluminum mobile recycling unit will launch the new year in Belle Glade with four stops during January.

Every Thursday from 11 a.m. to 1 p.m. the public will receive 17 cents a pound for their recyclable aluminum at City Park, 600 West Canal St.

With the cooperation of concerned, ecology-minded citizens, the Reynolds Metals Company received top honors in the Keep America Beautiful, Inc. (KAB) National Awards Program on Dec. 1 in New York.

Reynolds was recognized for its leadership in aluminum recycling, one of the country's outstanding environmental programs.

Since the inception of its aluminum recycling program in a pilot effort in 1967, Reynolds has recycled more than 464 million pounds of aluminum. The company has paid out more than \$64 million to the public.

At present, Reynolds is recycling more than half of the cans it manufactures.

Dave Vassell, District Manager, Reynolds Aluminum Recycling Co., said, "We are looking forward to another successful year of aluminum recycling in 1978."

Calamity Jane, the Western folk hero, was married a dozen times.

In old Bohemia, it was thought that throwing an empty pot on a crossroads would cure a fever.

The Babson Forecast

even surpassing 1977's spate of hikes.

Building and Construction

One of the towers of economic strength in 1977 was private housing starts, which climbed more than 26% over 1976 to around the 1.9-million-unit level. Permits for new residential building also held up well during the year, assuring another near-peak effort for 1978. Since home building may inch upward only a bit from 1977, it will help to maintain the economy rather than to impel it toward new heights. There will be more multi-family units built than single homes. Mortgage credit should be mostly adequate in 1978.

While commercial and industrial building showed some improvement over the past year, it was not impressive. And we look for no surge in 1978. Heavy construction should experience moderate gains owing to larger public spending budgets.

Employment - Personal Income - Wages

The new year will see records for employment and personal income, but it will still not be easy to force the jobless rate back below the 7% mark. Though a fur-

ther uptrend in business should imply more job openings, there will not be a proportionate expansion of employment because of soaring operating costs, higher employment-related taxes, an increased minimum wage, and a greater need for skilled workers at a time when new and inexperienced job aspirants are flooding the work force. Yet, new peaks in employment, longer work weeks and rising salaries and pay rates will help to boost earned incomes - and this will be augmented by higher social security outlays and hikes in personal investment income. Unless a solid federal personal income tax cut is enacted, however, discretionary income (take-home pay) will advance but will fail to keep pace with the gain in gross personal income.

Consumer and Government Spending

Historically high employment and personal income plus the increasing likelihood of federal tax relief augur well for consumer spending, even though there will be countervailing influences from inflation and larger bills for fuel, energy and other "overhead" expenses. Overall, retail trade could post an increase of 10% in 1978, but ex-inflation gains may range only in the 3%-4% area.

Federal, state and municipal governments will boost their outlays in the new year, but much of the increase will be due to inflation. There will, however, be some real gains to lend support to the economy. The financial status of many states and municipalities has improved sufficiently to permit more spending, but the federal budget faces a massive deficit.

Farm Prospects Improving

1977 was another bumper year for American agricultural output, but depressed farm prices put many farmers in serious financial straits. The recent step-ups in Soviet grain buying, the government's directive for 1978 planting cutbacks, and the pressure of farm groups for more substantial assistance should improve farm conditions somewhat. Another "grain drain" with a resultant runaway of farm prices does not seem likely. Carryover grain stocks are abundant, and it is heartening to note the improvement in soil moisture of late in many key growing regions which had been plagued by drought.

Domestic Political-Foreign Affairs

The emphasis on a national energy policy in 1977 was slanted to be followed by a massive tax reform effort. But the Senate's intransigence on energy matters and the realities of the 1978 elections have forced a reshuffling of priorities, with stress in the coming year being laid on tax relief principally for the individual, and only nominal reform efforts elsewhere. Federal spending priorities can also fall victim to election year expediencies, and the national health insurance and full employment programs face tough resistance for cost reasons. Stricter banking regulations, establishment of a separate Department of Education, return of the Postal Service to Congressional authority, and an altered version of the Strategic Arms Limitation Treaty could survive heated debate and reach enactment.

With anti-war sentiment still strong, we should be able to avoid military involvement in 1978. Diplomatic, trade, and monetary problems will be more difficult to cope with, however, and will undoubtedly sorely test this country's foreign economic policy.

Money Supplies - Interest Rates

The spurt in short-term interest rates in 1977 and the Fed's anti-inflation monetary policy brought fears of another credit crunch. But it did not develop, nor is a pinch likely in 1978. Money supply is ample - in fact, troubleously large in view of inflationary pressures - but credit should tighten somewhat during the year and the prime lending rate of commercial banks could move up to 9% by year's end. Long-term interest rates, which have been far less volatile than short-term rates in recent years, should remain so in 1978, although the Treasury's need to finance its ponderous deficit will inexorably nudge the cost of long-term funds above the current level.

Stock and Bond Outlook

Hit by a myriad of uncertainties, the stock market was mainly on the defensive in 1977. The net result was to keep the supply of attractively priced stocks in good volume, especially from the standpoint of the price-earnings ratio. And with another year of healthy business expected plus continuing boosts in dividend payments, investor buying enthusiasm may be

in greater evidence in the stock market in 1978. The plight of the dollar, however, and anxiety over inflation could cause the volatility of the past year to persist.

A reasonable projection for the Dow Jones Industrial Average appears to be from 800 on the low side to 1100 on a top over the year ahead. At the present time, there are plentiful supplies of medium- and good-quality common stocks and convertible securities available for sensible employment of investor capital, whether the objective be growth, income, or a reasonable combination of both. Conservative investors who seek safety and continuity of income will also be able to find a good many reliable vehicles in the bond market, where prospects of somewhat higher interest rates over the coming year as a whole.

Public Notice

LEGAL NOTICE

INVITATION TO BID

SEALED BIDS for the furnishing of Two (2) 8" Compound Water Meters will be received by the City of Belle Glade, Palm Beach County, Florida, at the office of the City Manager until 11:00 a.m. Thursday, January 12, 1978, at which time all bids will be publicly opened and read.

Specifications are on file in the office of the City Clerk and available for inspection, and copies thereof may be obtained upon application to said office. All bids must be accompanied by a certified statement indicating that the bid items meet or exceed the City's specifications.

All bids shall be in sealed envelopes addressed to the City Manager, City of Belle Glade, 110 S.W. Avenue E, Belle Glade, Florida, 33430, and plainly marked on the outside: BID NO. 1-78; Two (2) 8" Compound Water Meters; January 12, 1978.

The City Commission reserves the right to reject any and all bids; to waive informalities, and to accept any bid or combination of bids which in its sole and absolute judgment will best serve the public interest.

CITY OF BELLE GLADE

JUNE H. BOGLIOLI
City Clerk

BGH 77-234
Dec. 29, 1977, Jan. 5, 1978

LEGAL NOTICE

INVITATION TO BID

The Belle Glade City Commission will consider adoption of a proposed Municipal Ordinance the title of which is as follows:

An Ordinance of the City Commission of the City of Belle Glade, Florida, relating to zoning map of the City of Belle Glade, Florida; and providing an effective date.

(E.J. Miller Property - 1700-1708 Palm Street)

Said Ordinance will be considered for second and final reading at the meeting of the City Commission to be held in the City Hall, 33 West Avenue A, Belle Glade, Palm Beach County, Florida, at 8:00 p.m., on the 9th day of January, 1978.

All interested persons may appear at said meeting and be heard with respect to said proposed Ordinance, a copy of which is in the office of the City Clerk at the Belle Glade City Hall Annex, 110 S.W. Avenue E, Belle Glade, Florida.

TAX SAVINGS

SPECIAL NOTICE

FROM DAVID L. REID, PALM BEACH COUNTY PROPERTY APPRAISER

FILE NOW FOR TAX SAVING EXEMPTIONS

HOMESTEAD—SENIOR CITIZENS EXEMPTION—WIDOWS—DISABLED VETERANS
NON-MILITARY DISABILITY—AGRICULTURAL—TANGIBLE PERSONAL PROPERTY

COME IN AS SOON AS POSSIBLE

JANUARY 3RD IS THE FIRST DAY FOR FILING

\$10,000 IS THE MAXIMUM AMOUNT FOR EXEMPTIONS

Florida Law states that no property shall have more than \$10,000 in exemptions applied. If, for example, a property owner was eligible for Senior Citizen's Homestead (\$10,000), the Widow's Exemption (\$500) and a War Veteran's Disability Exemption (\$500), the total allowed would be \$10,000 and not \$11,000. (Exception: Veterans with 100% service connected disability.)

HOMESTEAD EXEMPTION

FLORIDA LAW requires that applications be made by March 1, 1978 to be eligible for this \$5,000.00 exemption. All three of these qualifications must be met:

1. You must have been a legal resident of Palm Beach County on January 1, 1978
2. You must have owned the property on January 1, 1978
3. You, or a person wholly supported by you, must have lived on the property as of January 1, 1978.

YOU MUST HAVE, in order to file, a Voter's Registration Card obtainable in Court House Annex, 810 Datura Street, if residency requirement is met, or a Declaration of Domicile if you have resided here for less than the required time (obtainable in Court House, Room 201 for \$4.00), Florida Driver's License and Florida Vehicle Registration (if you drive and own a car).

YOU SHOULD HAVE, or you will be delayed, a Warranty Deed (Condo, and private home owners), Proprietary Lease or Certificate of Stock Ownership (Co-op owners), or other proof of ownership.

NOTE: Alien residents to qualify must also have a permanent Visa Card.

\$5,000 ADDITIONAL SENIOR'S HOMESTEAD EXEMPTION

This exemption applies to taxes levied by county, school and local government as well as special taxing districts. To be eligible, the applicant must qualify for Homestead Exemption, be at least sixty-five years of age as of January 1st, 1978 and have been a permanent resident of Florida for at least five consecutive years as of January 1st, 1978. To file for the first time, you should bring proof of age and of your residency (old tax bills, voter's registration card or similar proof).

\$500 WIDOWS EXEMPTION

Any widow who is a permanent Florida resident may claim this exemption. If the widow remarries, she is no longer eligible and if the husband and wife were divorced before his death, the woman is not considered a widow. If filing for the first time, please present a Death Certificate or other proof of your widow status.

DISABLED VETERAN'S EXEMPTION

A disabled veteran who has 10% or more wartime disability is entitled to an additional \$500.00 beyond Homestead Exemption. A "V" letter must accompany application, or other acceptable record of disability.

Veterans who are totally and permanently disabled as a result of certain service connected disabilities should contact the Appraiser's Office for determination of other special benefits.

AGRICULTURAL (Greenbelt) FILINGS

All owners or lessees of agricultural lands who desire agricultural zoning for tax purposes on their property must file an agricultural return every year with the Appraiser between January 1 and March 1.

NON-VETERAN DISABILITY EXEMPTION (\$5,000 for five year residents)

Every Florida resident who is totally and permanently disabled qualifies for this \$500 exemption. If the applicant is a five year resident of the State, this increases to a \$5,000 exemption. If filing for the first time, the applicant must qualify for Homestead Exemption and present proof of the total and permanent disability by obtaining certificates from two licensed physicians of the State who are professionally unrelated. Residency must be for 5 consecutive years as of January 1, 1978. Quadriplegics should contact the Appraiser's Office for special benefit information. If blind or confined to a wheelchair and total income is less than \$8200.00 per year, including Social Security, contact the Appraiser's office for determination of other special benefits.

TANGIBLE PERSONAL PROPERTY

Exemption requests for Tangible Personal Property must be filed with the County Appraiser no later than March 1st. Non-Exempt Tangible Personal Property returns must be filed no later than April 1st. Failure to file a return will result in a penalty and an assessment will be made as provided by Florida law. Tangible Personal Property includes: property such as business furniture and fixtures, machinery and equipment, stock of merchandise, household goods and personal effects. (Florida residents are exempt from the tax on household goods and personal effects). The deadline for charitable and qualified non-profit organizations eligible for such exemption is March 1st. All others must file by April 1st.

MARCH 1st IS THE FINAL DAY TO FILE

If you have any questions concerning your appraisals or filings, please contact the office nearest you by phone or mail. In order to serve you, the taxpayers of Palm Beach County, we have to be made aware of your problems and needs.

Swamp Cabbage Festival

Tillis tickets on sale

LABELLE-Not every year can one come up with a stocking stuffed with M-Mel Tillis, but this year is one. Tickets to the City of LaBelle's upcoming Swamp Cabbage Festival Country Music Show starring Tillis and his band the Statesiders are on sale now at Alphonsus Costello Real Estate Office located on Bridge Street in LaBelle.

Priced at \$7.50 for adults and \$3.50 for children the tickets have triple gift appeal. One, they are just the right size to fit into the toe of a Christmas stocking; two, they are the one gift you can count on to stay in working order for two months; and three, when you finally get to use them, going to the Country Music Show will be like having an old present suddenly come alive-new again.

Traditionally the LaBelle Swamp Cabbage Festival, a three day down-home country festival, kicks off on Friday night with a music show featuring some of the top names in country music. This year's star, Mel Tillis, is the nation's number one Nashville entertainer with over 500 of his own compositions recorded and two dozen or more major music awards.

Currently appearing on TV's Hollywood Squares and more recently as guest on the Johnny Carson Show, Tillis makes over

200 concert appearances a year. His February 24th appearance will be the third time Tillis has starred in the LaBelle Festival music show having been brought back not only because of his superb

music, but as one of the funniest entertainers in or out of country music.

For further information regarding the SCF Country Music Show, call, (813) 675-2200.

Student makes Dean's List

ATLANTA, GA.-Dr. John M. Palms, dean of Emory College, Emory University, has announced those students named to the Deans list for fall quarter 1977.

Among those having superior academic achievement from this area is Celia Maria Echave, daughter of Mr. and Mrs. Emilio R. Echave of 209 S.E. Avenue H, Belle Glade.

IOTA SORORITY, a chapter of Beta Sigma Phi held a Christmas party Dec. 17, at the home of Mrs. Bob White. Committee

members, from left to right, are Echo Painter, Mary Green, Sandy White and Vivian Miller.

New nightspot is added

Clewiston has added a new night-spot with the opening this week of Omni II at 642 East Sugarland Highway. The location was formerly occupied by OK Drug Store.

Omni II is a combination beer and wine bar and game room. It is owned by two Clewiston brothers, Gary and Russell Stevens.

The grand opening of the new business was this Friday and Saturday, Dec. 23 and 24. Popular rock group "The Renegades" of West Palm Beach performing during the grand opening. Live entertainment will be featured each Friday and Saturday night.

The bar has a seating capacity of 125 with ample space for dancing, pool playing, and games. Air hockey, pinball, foosball, darts, and electronic TV games will also be available. Beer and wine will be served. No hard liquor will be available.

Hours will be from 3 p.m. until midnight Monday through Thursday; noon until 2 a.m. on Friday and Saturday; and noon until midnight on Sunday.

Christmas winners are announced

BELLE GLADE-Mr. and Mrs. S.M. McAllister of 500 N.W. 13th St. won the first place overall religious prize for the annual Christmas Decorating Contest jointly sponsored by the Belle Glade Chamber of Commerce and the three area garden clubs.

Winning the second place overall religious award was Mr. and Mrs. David Hill of 601 S.W. 13th St. according to Chamber Executive Secretary Jewel Crane.

Mrs. Crane said the only best overall non-religious award presented went to Mr. and Mrs. Earl York of 1223 Stillwell Road.

There were three business awards made, including first place to Hollingsworth Shoes at 233 S.W. Ave. B; second place to Badock's Furniture of 256 W. Avenue A and third place to Hollingsworth Shoes in Glades Plaza.

Gary Stevens who has experience in the entertainment field through his promotional work for two popular rock groups, "The Renegades" and "Buckshot." He currently manages the "Buckshot" group.

Owners Gary and Russell Stevens are the sons of Mr. and Mrs. R.E. Stevens of 500 South Olympia. Mr. Stevens was the owner of

Rusty's Wholesale prior to his retirement.

Gary Stevens is a 1962 graduate of Forest Hill High School. He previously worked with his father in Rusty's Wholesale business in addition to his promotional work. Christell (Russ) Stevens is a 1974 graduate of Clewiston High School. He is now majoring in business at the University of Florida in Gainesville.

Obituaries

Mrs. Sullivan

SOUTH BAY-Funeral services for Mrs. Mildred Sullivan of 425 Coconut Court were held this week in Charity Church of Hazel Green, Ala. under the direction of Tony Rainey and Son Funeral Home in Ardmore, Tenn., with burial in Charity Cemetery.

Mrs. Sullivan, who came to the area eight years ago from Huntsville, Ala., died Dec. 22 in the Medix Home Health Center in Lake Worth. She was a member of the Church of Christ.

Survivors include four sons, Thomas B. Sullivan of South Bay, Billy R. Sullivan of Ft. Benning, Ga., David Sullivan of Albany, Ga., and Johnny W. Sullivan of Ft. Benning, Ga.; four daughters, Mrs. Mildred Roberts of South Bay, Mrs. Gracie N. Stewart of Oklahoma, Mrs. Alice F. Thompson of Huntsville, Ala., and Mrs. Mary Sue Rodriguez of Charlotte, N.C.; three brothers, J.P. Harvin, David Harvin, Norman Harvin, all of Taylor, Mich.; two sisters, Mrs. Corie Wilkerson of Huntsville, Ala. and Mrs. Nellie Key of Panama City.

Mixson Funeral Home was in charge of local arrangements.

Mr. Alexander

BELLE GLADE-Funeral services for Delmer Alexander, 87, a 45-year resident of Belle Glade, were held Christmas Eve in the Mixson Funeral Home Chapel with the Rev. Mark O'Farrell officiating.

He resided at 1624 N.W. Ave. L and died Dec. 21 at Glades General Hospital. He was a retired farmer at the time of his death. He was a veteran of World War I, serving with the Engineers Corps.

He was a pioneer in the development of vegetable farming in the Glades, being associated

with the late Curtis Thompson Farming. He was also a familiar person around Slim's Fish Camp, where he spent most of his leisure time in recent years.

He is survived by his friend Mrs. Helen McCormick of Belle Glade and his step-daughter-in-law, Mrs. Donna Jean Mathis of Belle Glade. Entombment was in Foreverglades Memorial Gardens Mausoleum. Mixson Funeral Home was in charge of arrangements.

Mr. Geraldo

BELLE GLADE-Rosary services were held Christmas Day for Pascual Augustin Geraldo, 76, a retired mechanic who lived the past several years in Belle Glade.

Geraldo, who made his home at 566 S.E. Fourth St., was born in Matanzas, Cuba in 1901. He died Christmas Day in Miami.

Survivors include one brother, Elio Geraldo, and one sister, Belew Geraldo, both of Belle Glade.

Burial services were conducted Monday with Father Paul Saghy officiating. Burial was held in the Foreverglades Memorial Gardens in Belle Glade.

Helvenston

is in Germany

FRANKFURT, GERMANY-U.S. Air Force Sergeant Charles D. Helvenston, son of Mrs. Jean C. Burns of Belle Glade, has arrived for duty at Rhein-Main AB, Germany.

Sergeant Helvenston, a jet engine mechanic with a unit of the Military Airlift Command, previously served at HSRiburt Field, Fla.

The sergeant is a 1973 graduate of Glade Central High School.

INCOMING OFFICERS of the Glades General Hospital Auxiliary were sworn in Tuesday. Taking office were (seated, from left) President Madeline Martin, First Vice President and outgoing President Abby Zumpf, Recording Secretary Layde Frank

and Treasurer Lee Shaw. Standing are Corresponding Secretary, Second Vice President Theo Dooley, Director of Volunteers Ruth Gritten and Installing Officer Sandra Chamblee.

MORE THAN 3,500 hours of service by some women received recognition Tuesday when members of the Glades General Hospital Auxiliary received service awards and several members receive recognition for more than 1,000 hours of service. Receiving service pins were Theo Dooley, Mabeline

Martin, Adair Akers, Abby Zumpf, Jo Knight and June Mowen, sitting and standing were Bee Wood, Layde Franko, Arvie Mathis, Susan Cassidy, Emily Simmons, Miriam Dulaney, Ethel Finan, Nan Draa, Ruth Gritten, Margaret Kidder, Lee Shaw and Sandra Chamblee.

Christian Comments

By Bill Anderson
Pastor First Baptist Church
of South Bay

In reminiscing back over the past twelve months I find myself asking the question "Why have they passed by so fast and where has all the time gone. The older I get, it seems the shorter the years have become. I find that the New

Year resolutions I made for 1976 were not accomplished in 1976 or 1977. But I look at the year of 1978 with new enthusiasm, knowing full and well that I'm not going to let it sneak past me as it did in 1977. This will be the year of accomplished cleaning up the back years of old New Year resolutions and fulfilling the new promises I will make.

A new start is what everyone wants and isn't that what we have when we become Christians - a new start. I often wonder at what was meant by being born again and theologically I have searched for that meaning over the years. Like one of the characters of the Bible who was searching for the answer of a new start when he said "How can I enter into my mother's womb and be reborn?" He had a misconception of regeneration. As with Jesus it not only means a new beginning but a new way of life. Putting the past behind us and the future in front of us.

So you see it is fruitless to make resolutions and promises that cannot possibly be kept. This year my resolution is, by the grace of God, "I WILL BE A BETTER CHRISTIAN THIS YEAR THAN LAST YEAR." For I too want to make my New Year resolution one that is a repeat of a promise that Paul once made, "I can do all things through Christ who strengthens me."

God Bless You and
Happy New Year
Bill

*I
Need
of a
Pull*

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Attend church this week

**This message is sponsored by these
community minded businesses who remind
you to attend the church of your choice.**

EO 77-95
Dec. 22, 29, 1977 and Jan. 5, 1978

PUBLIC NOTICE
This is public notice that the City of Pahokee, Florida, a Municipal Corporation, will receive sealed bids for four (4) Self-Contained Air Breathing Apparatus complete with cases to be used by the City's Fire Department.
Specifications as follows:
CYLINDER: Complete with pressure gauge, retrievable rubber guard, and cylinder valve handwheel mounted at right angle to the stem.
CYLINDER CAPACITY: Approximately 45-cubic feet of air when charged to pressure of 2216-psig.

CYLINDER WEIGHT: Approximately 19 pounds.

REGULATOR: Must be able to deliver air flow in excess of 400 liters per minute.

VALVES: Main-line valve, equipped with round yellow knob, to control air flow through the regulator under normal operating conditions.

BY-PASS VALVE: Equipped with an indented red knob, to control direct, constant flow of air from the cylinder.

PRESSURE GAUGE: On the regulator to indicate remaining air pressure in the cylinder. The Regulator should be connected to the Facepiece by a breathing tube, and high-pressure air should be delivered to the regulator from the cylinder by a length of high-pressure hose.

An audible warning device must be included to signal when cylinder pressure drops below 540-psig, and continue to signal for approximately six (6) minutes.

FACEPIECE: Must have a one-piece replaceable lens, and exhalation valve, five adjustable headbands, and a speaking

and clearly marked "SELF-CONTAINED AIR BREATHING APPARATUS." Rids should be sealed in a second envelope if sent in by mail.
The city reserves the right to accept or reject any or all bids.
